

Getting Started with AI arts

Session 4

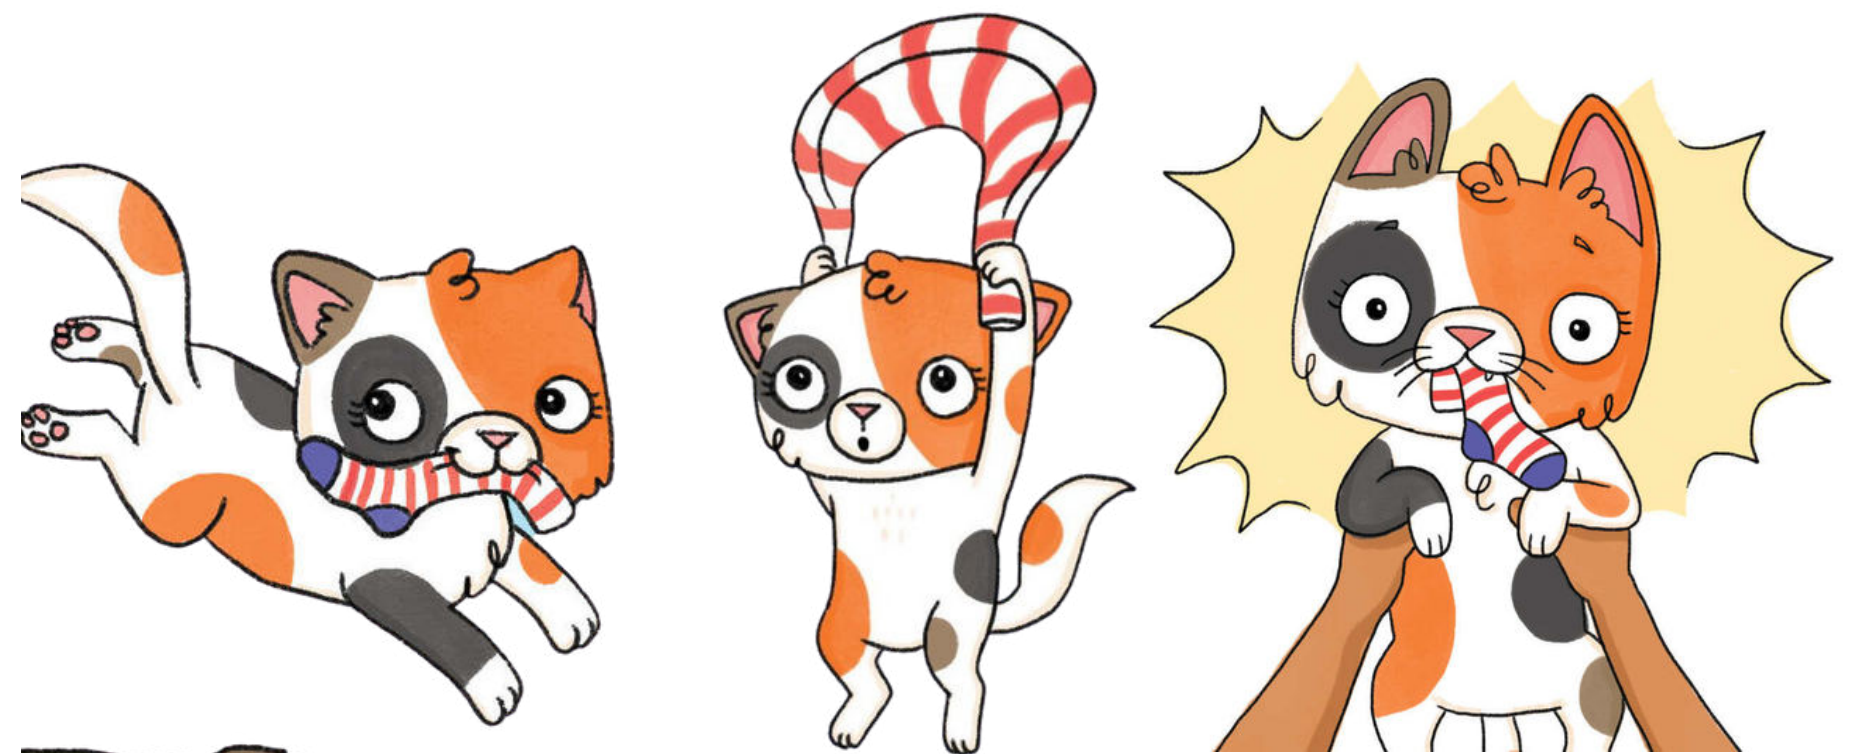

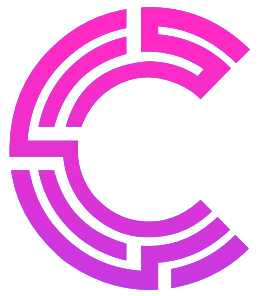

How to make consistency in your arts?

Catch That Cat!

A cat is stealing socks from a boy! Can he catch her, and get his socks back? Read the best short stories for kids, bedtime stories and fairy tales at

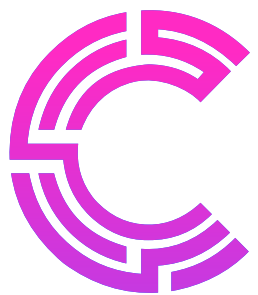

Let's Create our Story First!

Kevin is a 15 years old teen, wearing red jacket and blue hat.

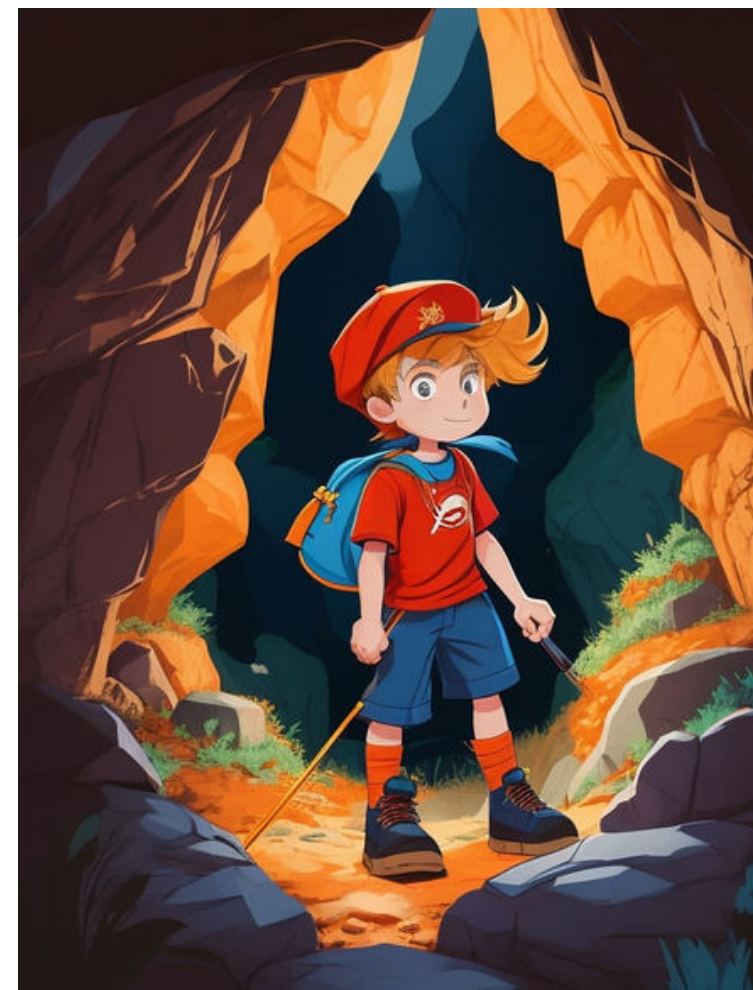

First Scene: Kevin eating breakfast with his parents

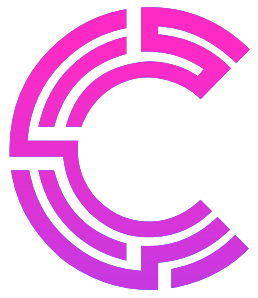

Kevin tells his mom he want to discover a forest.and mom refuses

Continue on this story!

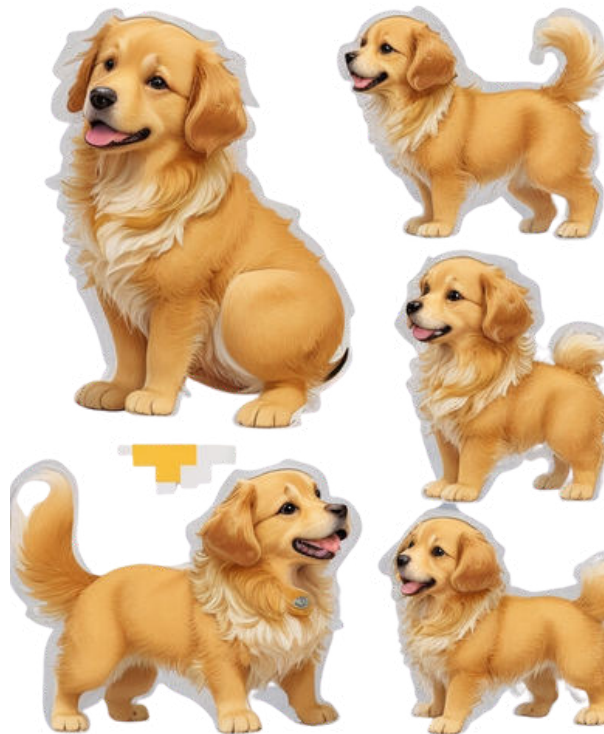

Let's Create our Story First!

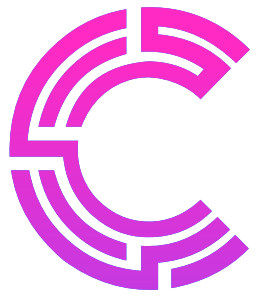

What about Stickers|??

In a vector art sticker style, create **different positions and angles**, of a golden cute dog,, wide angle different positions shot,

Possible Project Ideas

Create a story with a consistent character using chatGPT and Leonardo AI

Create a wide shot different angles stickers from a consistent character..

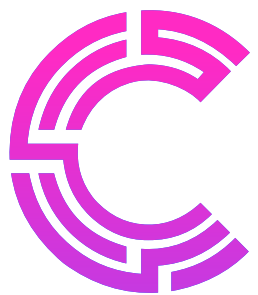

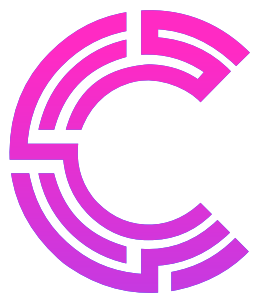

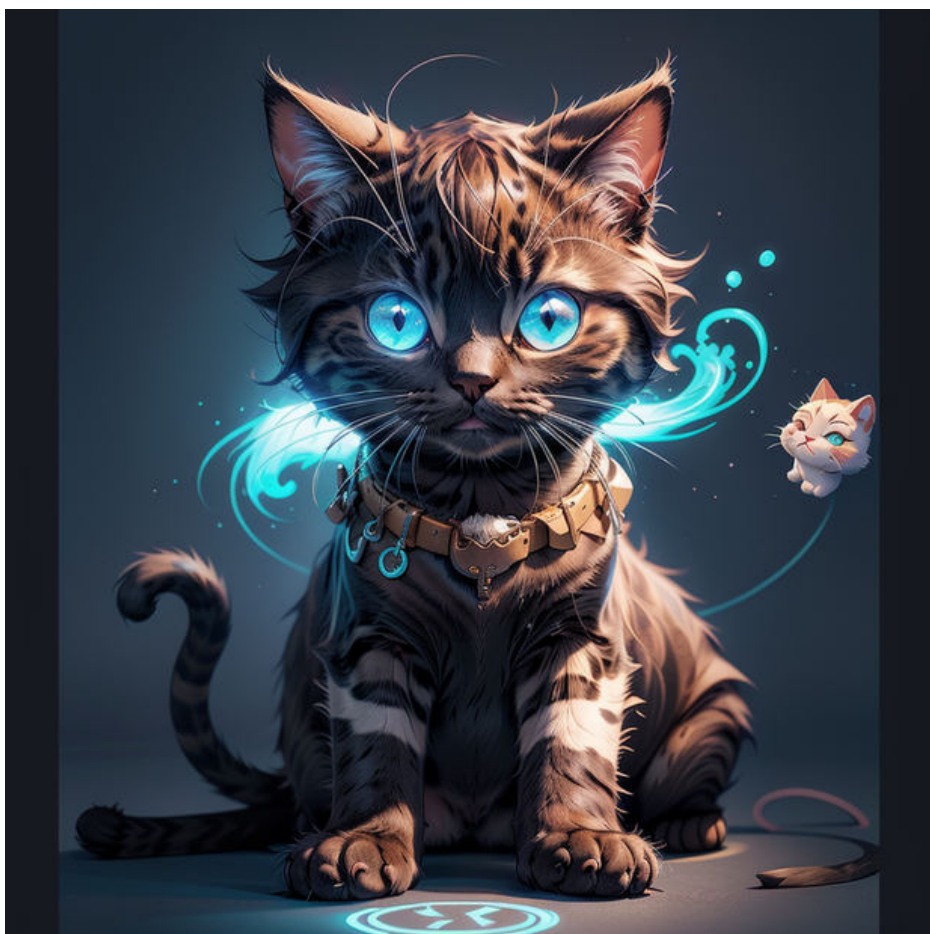

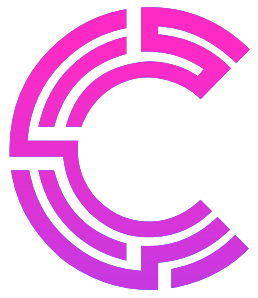

Image To Image

Tesnor Art

Base Diffusion Models

SD 1.5

SD 2.1

SDXL 1,0

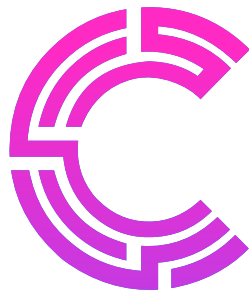

Cute Realistic cat, furry, portrait style, water colors, highly detailed

SD models are:

- Open source
- Backbone of maany AI models

Fine Tuned SD models

As SD models are open source, some artist prefer to train their own models on their sets of images, which is known as (Fine Tuning)

Dream Shaper

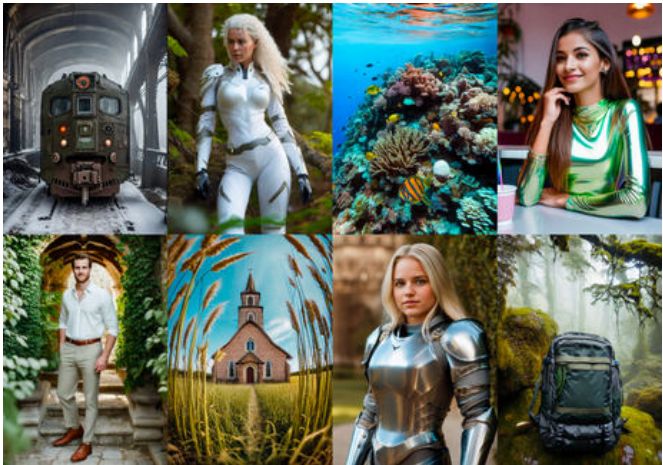

Open Journey

Anything

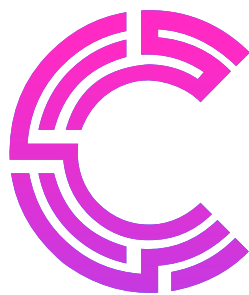

Inkpunk Diffusion

Dreamlike Photoreal

And much more to discover..

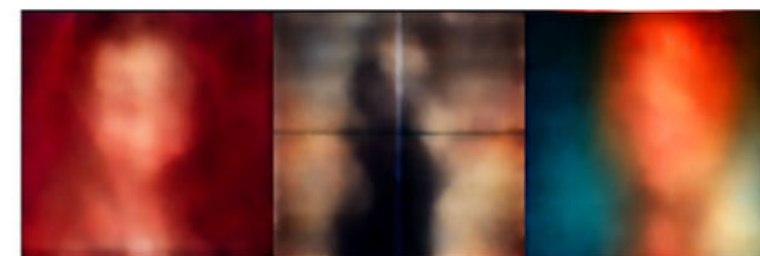

Sampling Method

STEPS

Step 1

Step 5

Step 10

Step 20

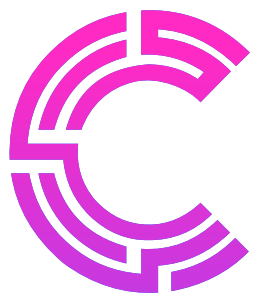

Step 30

Step 50
